NPR offers products that use the Earth's magnetic field to provide natural benefits for Home, Health and Well-being.

NPR offers a natural method of pest control. No need to use unhealthy pesticides anymore. NPR repels adult cockroaches, dust mites, bedbugs, ants, mosquitoes, black flies, spiders, and mice. NPR can provide health benefits as well. NPR is a negative ion generator and life energy broadcaster. Negative ions are odorless, tasteless, and invisible molecules that we inhale in abundance in certain environments. Once they reach our bloodstream, negative ions are believed to produce biochemical reactions that increase blood flow and levels of the mood chemical serotonin, helping to alleviate depression, relieve stress, and boost our daytime energy in addition to repelling pests and insects.
